

IOBAC MagTabs™ – MT4 and MT5 Technical Data Sheet

Product Description

Magnetic on one side and with acrylic-based adhesive on the other, IOBAC MagTabs easily affix +4mm vinyl tiles and carpet tiles onto IOBAC magnetic receptive underlays and also metal raised access floors.

Super-quick loose lay method, locking tiles tightly together using a unique 2-dimensional grip:

- giving full flexibility
- maintaining easy direct access to floor
- ensuring clean removal - no residue or contamination.

Product Composition

Flexible strontium ferrite magnetic tabs kiss cut onto a silicone release liner for a quick and easy peel. Supplied on a roll.

- Contains no plasticisers
- Phthalate free
- Acrylic based adhesive
- Odourless product

Installation Guidelines

Prior to installation please refer to [IOBAC installation guidelines](#) and installation videos available at <http://www.iobac.com/magtabs>.

Storage and Disposal

Resistant to extremes of moisture and temperature - constant working temperature of -30°C to 60°C.

MagTabs can re-used dependent on the backing of the flooring product, as well as be down-cycled or recycled. The release liner is also recyclable.
